## Natural Soothing Relief

Our CBD Relief Balm harnesses the power of organic hemp extract with rejuvenating botanicals like organic lavender and organic calendula essential oil, and chamomile. Scientifically formulated to soothe sensitive skin, provide relief from aches and inflammation, and restore your skin's natural balance and vitality.

## Hydrate & Restore

Crafted with a nourishing blend of organic jojoba oil, organic shea butter, and organic olive oil, our CBD Relief Balm delivers a surge of hydration. Organic jojoba oil balances your skin's hydration levels, shea butter forms a protective barrier to lock in moisture, and organic olive oil and grape-seed oil penetrate deeply, leaving your skin soft, supple, and moisturized.
