

## LIVE RESIN THC CHOCOLATES

Make life a little sweeter with chocolate... and cannabis!

### THC+MUSHROOMS

**THC + CBD Lion's Mane Chocolate** Lion's mane mushroom is known to promote neurogenesis (the creation of new nerve pathways) and enhance memory. Our Sativa Live Resin THC+CBD Lion's Mane Chocolates deliver just the right kind of enlightening experience.

**THC + CBN Reishi Chocolate** Reishi mushrooms, AKA the "mushroom of immortality", help your body and immune system regulate. Our Indica Live Resin THC+CBN Chocolates soothe the body, mind, and immune system.

\*All of our mushroom extracts are made with fruiting bodies for maximum benefits!

### SEASONAL

**'Tis the season for THC+CBG!** Live Resin THC+CBG Chocolates in Hybrid offer the perfect crowd pleasing edibles for the colder months of the year. Uplifting and relieving CBG creates a wonderfully balanced experience with our Hybrid Live Resin THC+CBG Chocolates.

**Pick your favorite!**  
Dark Chocolate Peppermint  
or Milk Chocolate Pumpkin Spice?

### SPECIALTY (THC+THCp)

THCp is 33x stronger than THC

**THC+THCp Chocolate** Our strongest THC chocolate in a delicious white chocolate apple pie, is guaranteed to light up your mind and your taste buds! In 2019, researchers discovered tetrahydrocannabiphorol (THCp); initial research suggests that THCp is 33 times more active than THC on the CB1 receptor and up to 10 times more active on the CB2 receptor compared to THC.
